THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Holderness in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Holderness on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the town will vote to accept state aid and raise and appropriate money for same.

4. To see if the town will approve Town Budget as printed and raise and appropriate money for same.

5. To raise and appropriate such sums of money as may be necessary for repairing highways and bridges for ensuing year

6. To raise and appropriate such sums of money necessary for permanent improvement.

7. To raise and appropriate money to care for all cemeteries not otherwise provided for.

8. To see what sums of money the Town will raise for support of libraries for ensuing year.

9. To see what sum of money the Town will raise for decoration of Soldiers and Sailors graves for ensuing year.

10. To see if town will vote to instruct the selectmen to hire money in anticipation of taxes.

11. To see if the town will vote to relinquish all its rights and interest in old road leading from main road near Charlie Carr's house toward O. M. Pratt's homestead.

12. To see if town will vote to discontinue payments for water troughs.

13. To see if town will vote to give discounts of four percent on taxes paid by July 1st, and two percent on all taxes paid by September 1st.

14. To see if town will vote to shingle town hall and other out buildings that need it, and raise money for same.

15. To see if town will vote to raise and appropriate money for benefit of Soldiers and Sailors Memorial Hospital and if so how much.

16. To see if town will vote to purchase two up-to-date tractor snow plows and raise money for same.

17. To see if the town will vote to discontinue and relinquish all its interests in road leading from Squam Bridge to Henry Little's Camp, and open another road from Hillside Cottage behind shore camps to take its place.

18. To see whether beer and other lawful alcoholic beverages shall be manufactured and sold locally as permitted by law in Town of Holderness.

19. To see if town will vote not to use Model T Ford trucks on its town work also discontinue use of tractors on roadwork other than town tractors.

20. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and thirty-four.

JOSEPH W. PULSIFER,
NORMAN SMITH,

Selectmen of Holderness.

A true copy of Warrant—Attest:

JOSEPH W. PULSIFER,
NORMAN SMITH,

Selectmen of Holderness.

School Report

HOLDERNESS SCHOOL WARRANT

The State of New Hampshire

To the Inhabitants of the School District in the Town of Holderness qualified to vote in district affairs:

You are hereby notified to meet at Holderness Town House in said district on the thirteenth day of March 1934, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see what sum the district will vote to raise and appropriate to build an addition to the East School which will include chemical toilets and cloakroom.
10. To transact any other business which may legally come before the meeting.

Given under our hands at said Holderness, the 29th day of January 1934.

MARY F. PEASE,
DAVID P. HOWE,
PHYLLIS R. SMITH,
School Board.

A true copy of Warrant—Attest:

PHYLLIS R. SMITH,
DAVID P. HOWE,
MARY F. PEASE,
School Board.

	<hr/>	\$11,363.36

I hereby certify that I have examined the accounts of the school board and treasurer for the fiscal year ending June 30, 1933, and find them correctly cast and properly vouched.

O. M. PRATT,
Auditor.

BUDGET FOR 1934-1935

For the support of elementary schools (5) five mills on the equalized valuation.

\$2,800.00 for high school tuitions.

\$155.00 for salaries of district officers.

This covers proposed repairs and improvements at the East Holderness school.

REPORT OF THE SCHOOL BOARD

We present our annual report and hope everyone will go over it carefully. It has been our aim to keep expenses as low as possible.

The tuition expense is of course very high. For the last two years there have not been sufficient funds to cover all tuition bills for the year in which they were contracted. There are twenty-nine pupils in Plymouth high, one in Meredith, one in Ashland and one in Portland, Me. We should, however feel proud that these young people are going on with their education and should be ready to help whenever possible. There are also twenty-five pupils for which we pay elementary tuition to other towns.

The board earnestly hopes that it will be possible to raise more money for the support of our schools, as with the tuition expense, supplies and text books are increasing in price.

We urge every parent to visit school, also to make any inquiries relative to school work or to this report.

Respectfully submitted,

PHYLLIS R. SMITH,
DAVID P. HOWE,
MARY F. PEASE,

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

As I did not come to Holderness until the close of the school year 1932-1933, I have of course, nothing for that year to report.

It was evident at once that the district had been endeavoring to improve its school property. This work, probably necessarily, has been somewhat uneven. The Bridge School is in the best condition and the East School is at the bottom of the list. The children of this school have an out of door and unprotected walk of at least fifty feet to go to the toilet. There is no suitable place to hang wraps and place rubbers etc. The wood shed should be so placed that it will not be necessary to bring in the wood through rain and snow.

The detailed reports of expenditures show that your schools have been conducted with strict economy. The salaries of the teachers is less than the average for the state. The transportation is reasonable. The per pupil cost is about at the median of the state.

Holderness is fortunate in that it is able to have excellent schools without an undue burden.

Of the 243 school districts of the state 219 pay more per thousand of equalized valuation than Holderness.

We all wish for our children better conditions than we had and of course the district wishes to give all of its children approximately the same opportunities.

Respectfully submitted

ERNEST W. SMALL.

REPORT OF SCHOOL HEALTH WORK

To the Townspeople, School Board,
and Superintendent of Schools:

The medical examinations were completed, as usual, by Dr. Palmer, the results recorded upon the health record cards, and the notices of the defects found sent to the parents. Dr. Palmer was able to vaccinate the few he found in school unvaccinated.

After the examinations were complete, it was voted by the School Board to join a group of nearby towns in hiring a School Nurse to help with the correction of some of the many defects found by Dr. Palmer.

Perhaps it would be interesting to enumerate some of the results of the examination:

Pupils examined	68	(7 absent)	
Defects found	171	2.4 per pupil.	
Defects corrected	10	5% of defects	
Without defect	6	8% of pupils.	
Underweight			11
Defective vision			25
Defective teeth			40
Bad tonsils			35

A careful check up of all children showed very few who did not need some minor or more extensive work done upon the teeth. Plans are being made to get a skillful dentist to come to Holderness and at a very low rate to go over the teeth of all of the children who are given consent by the parents. All that is necessary to complete this plan is some organization, such as the Red Cross, to sponsor this work so that all may have equal opportunities whether they can afford the cost or not. Since dental corrections seem most necessary, this should be the first defect to correct.

A chance will be given for the children with the most serious vision defects to be fitted to glasses. They

will be taken to an eye specialist for this. As soon as the weather is warm enough to make it safe, those needing tonsil operations will be given the opportunity of getting this done at clinic rates.

It will take several years to get all this work done and the children put into physically perfect condition. Many of the small towns of New Hampshire have been attempting this achievement for several years and many are approaching the goal. It takes time and patience but the health of the children is worth it.

The State and Federal Emergency Relief Act has been very helpful this winter. It has authorized the serving of half pints of milk to about twenty-six children daily in school. It is furnishing Cod Liver Oil to those who need building up.

It has proposed a plan of helping with the cost of hot noon lunches in those schools where this is a difficult matter to handle. It is hoped that a way will be found to help with the expense of the large amount of corrective work which is necessary in New Hampshire schools.

Very little progress has been made with the actual work needed in Holderness. Much time has been used in getting acquainted with the local situation so that the Spring corrective work may be more effective.

Respectfully submitted,

RUTH S. LANGILLE,

School Nurse.

February 1, 1934.
